Meticulous Java and JavaScript Developer with a firm background in Mechanical Engineering. Ambitious and resourceful with a passionate drive for archiving results. Enthusiastic about learning, a good team player and excited about driving excellence

## EDUCATION

### University of Lagos | Lagos, Nigeria

2018-2023

Bachelor of Science, Mechanical Engineering| CGPA 4.95 / 5.00

## TECHNICAL SKILLS

**Languages:** Python, JavaScript, Java, MySQL, H2, MongoDB.

**Frameworks / Libraries:** SpringBoot, Spring MVC, Spring Framework, Vue, Vuex, JQuery, SCSS.

**Tools:** GIT, NPM, Vscode, Sublime, IntelliJ idea, Web storm, Spring Tool suite(STS)

**Other Programs:** Microsoft Office Suite (Excel, PowerPoint, Word, Visio, PowerBI)

## PROJECTS

Data structures and algorithm analysis, Object oriented programming- Polymorphism , inheritance, Arrays, Vectors, sorting Algorithm, Stack, Queues, Trees

School Records Management System (HTML5, JavaScript, JQuery, CSS, SCSS, Java, H2 Database, SQL)

## PROFESSIONAL EXPERIENCE

### DotEightPlus, Nigeria | Fullstack Web Developer (Remote)

Mar 2021

Implemented websites, mobile applications, and RESTFUL APIs from concept through deployment.

Used SpringBoot (Java) to create a highly scalable backend for web apps.

Iterated user experience to increase visitor form completion by 200%, Standardized all output with a new, responsive, mobile-first approach and strategy.

Created, maintained, and enforced back-end code and documentation standards. Assessed work flows designs for technical feasibility.

Collaborating with the front-end team in implementing a highly scalable backend API. Working with Agile Methodologies

• Technologies: SpringBoot, Spring MVC, Spring Framework, Vue, Vuex, JQuery, SCSS.

### Wendy's Portfolio Website | Web Developer (Contract)

2021

Implemented websites, mobile applications, and landing pages from concept through deployment.

Used CSS/SCSS to design multiple responsive web apps.

Collaborating with the product team (UI/UX) in implementing responsive user interface. Working with Agile Methodologies

### HNG | Frontend Developer (Internship)

2020

HNG Internship is a long running, large scale virtual internship for people learning to code and design. It focuses on the post-training phase, and creates a virtual work environment for participants.

The Internship is designed to surface the very best of candidates out of a large pool of participants. It is fast paced and challenging, and helps people learn how to work in teams, deal with pressure and quickly expand their knowledge.
